

LCD TV Converter/Tuner

Model
176156

Watch broadcast, cable or satellite TV on an LCD/CRT monitor, plasma display or projector.

Enjoy full-screen, high-resolution images without a computer! The MANHATTAN® LCD TV Converter brings home entertainment-quality viewing to existing LCD/CRT monitors, plasma displays and projectors. Installation requires no special hardware, software or drivers, with a single connection directly made to a VGA-compliant monitor or projector. With its built-in TV tuner and multiple video ports, users can connect a DVD player, digital camera or game console and enjoy full-screen, high-resolution images. Automatic source mode detection, automatic channel scanning and programming, adjustable high-resolution output mode and multi-language on-screen display enable quick setup. A top-mounted control panel or the full-function remote control selects and adjusts critical and preference settings.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

Model
176156
